20 July to 27 July 2024

Base your rig at **Dorrigo**
and tour the **Waterfall**
Way road from **Armidale**
to **Coffs Harbour**.

This is winter in the high
country so expect cold
weather.

Holiday planned for winter
so waterfalls have a lot of
water

A Covid Escape Plan

Enough time spent in Queensland, it's time to escape the border and spend 7 nights seeing the NSW high country's waterfalls during the cooler season, while there is plenty of water coming over the falls. Imagine, walking the national park areas, visiting gorges and waterfalls and at night sitting around a fire or heading into town for a meal around an indoor fire. And of course, organisers guarantee you'll be snuggling up in bed every night. What a perfect holiday!

Accommodation

We are staying on powered sites at the Dorrigo Mountain Holiday Park, located at 3991 Waterfall Way, Dorrigo. This park is a short distance from town.

Facilities at the Park.

Concrete slabs, no fee BBQ area, Amenities Block with coin operated laundry, hot showers and a bath in the ladies amenities. Three hectares of manicured gardens, shady trees teeming with local birdlife. Magic views, sunrise, sunset and the stars that can only be experienced on the "mountain". Farm life right to the fence line complete with the sounds of the country. Unfortunately no Dump Point in park, it's located along the main road just out of town.

Fees

Site fees are \$..... Per day, or \$..... For 7 nights.

Full payment will be required by the advertised date,
